EVENT REPORT

Name of the Activity	Homoeopathic Research Ethics Workshop: Balancing Rigor and Compassion
Type of Activity	Research Methodology Activity
Date and Time of Activity	06.07.2019 - 07.07.2019
Details of Participants	79
Resource Person	Dr.Anirudh Kulkarni
Coordinators	IQAC Coordinator
Organizing dept.	IQAC Cell
Description	The Homoeopathic Research Ethics Workshop, focused on harmonizing rigor and compassion, provided a comprehensive exploration of ethical considerations in homeopathic research. The event emphasized the delicate balance required when conducting studies in this field. Attendees gained insights into maintaining scientific rigor while upholding compassionate principles. The workshop delved into the unique challenges of homoeopathic research, encouraging practitioners to navigate methodological intricacies with sensitivity. Discussions centered on ensuring participant welfare, transparent communication, and respecting individual beliefs within the research framework. Participants engaged in practical case studies and ethical dilemmas, fostering a collaborative environment for shared learning. The workshop successfully underscored the importance of ethical guidelines in maintaining the integrity of homoeopathic research, ensuring that both scientific standards and compassionate principles are upheld in tandem. Overall, the event provided a valuable platform for practitioners to enhance their understanding of ethical nuances in homoeopathic research.

EVENT REPORT

Name of the Activity	Regulatory Compliance Workshop in Homoeopathic Clinical Trials
Type of Activity	Industry-Academia Innovative practices
Date and Time of Activity	11.09.2019 - 12.09.2019
Details of Participants	87
Resource Person	Mr.Arvind Mishra
Coordinators	IQAC Coordinator
Organizing dept.	IQAC Cell
Description	The Regulatory Compliance Workshop on Homoeopathic Clinical Trials was a comprehensive and insightful event held on [date] at [location]. The workshop focused on navigating the complex landscape of regulatory requirements for conducting homoeopathic clinical trials. Attendees gained valuable insights into regulatory frameworks, ethical considerations, and best practices for ensuring compliance. Experts in the field shared their knowledge on key topics, including protocol design, patient recruitment, data collection, and reporting. Case studies and real-world examples were discussed, illustrating the challenges and solutions in achieving regulatory compliance in homoeopathic clinical trials. Participants engaged in interactive sessions, fostering a dynamic exchange of ideas and experiences. The workshop successfully equipped researchers, clinicians, and regulatory professionals with the tools and knowledge needed to navigate regulatory hurdles in the homoeopathic clinical trial landscape. As the field continues to evolve, this workshop serves as a crucial resource for ensuring the highest standards of ethical and regulatory compliance in homoeopathic research.

EVENT REPORT

Name of the Activity	Grant Funding Workshop for Homoeopathic Research Projects
Type of Activity	Research Methodology Activity
Date and Time of Activity	08.11.2019 - 09.11.2019
Details of Participants	73
Resource Person	Mrs.M.Sowjanya
Coordinators	IQAC Coordinator
Organizing dept.	IQAC Cell
Description	The Grant Funding Workshop for Homoeopathic Research Projects proved to be a pivotal event in advancing research within the homoeopathic community. Held on [date], the workshop aimed to guide researchers in navigating the intricacies of grant applications. Attendees gained insights into crafting compelling proposals, understanding eligibility criteria, and aligning projects with funding priorities. The workshop featured expert speakers who shared successful grant application strategies and emphasized the importance of rigorous methodology in homoeopathic research. Participants engaged in interactive sessions, fostering networking and collaboration. The event emphasized the significance of evidence-based practices in securing funding for homoeopathic projects. Overall, the workshop served as a valuable resource for researchers seeking financial support for their endeavours, contributing to the growth and credibility of homoeopathic research initiatives.

Date: 14.02.2020

EVENT REPORT

Name of the Activity	Homoeopathic Formulation Development Workshop: Challenges and Solutions
Type of Activity	Industry-Academia Innovative practices
Date and Time of Activity	13.02.2020 - 14.02.2020
Details of Participants	83
Resource Person	Mr.Tej Patil
Coordinators	IQAC Coordinator
Organizing dept.	IQAC Cell
Description	The Homoeopathic Formulation Development Workshop addressed crucial challenges and provided insightful solutions in a dynamic learning environment. Participants engaged in interactive sessions that focused on optimizing the formulation process, ensuring efficacy, and maintaining regulatory compliance. Challenges such as standardization of raw materials, dosage uniformity, and potency determination were thoroughly explored. The workshop emphasized the importance of research-driven approaches to address these challenges, encouraging participants to integrate modern scientific methods into traditional homoeopathic practices. Collaborative discussions among experts and participants fostered the exchange of innovative ideas and best practices. The event highlighted advancements in analytical techniques and quality control measures, offering viable solutions to enhance the precision and reproducibility of homoeopathic formulations. Overall, the workshop served as a platform for professionals to navigate complexities in homoeopathic formulation development, fostering a collective understanding of challenges and empowering participants with actionable solutions for the advancement of homoeopathic pharmaceuticals.

EVENT REPORT

Name of the Activity	Seminar on Innovations in Homoeopathic Medicine: From Concept to Market
Type of Activity	Industry-Academia Innovative practices
Date and Time of Activity	17.03.2020 - 18.03.2020
Details of Participants	91
Resource Person	Dr.Manish Patil
Coordinators	IQAC Coordinator
Organizing dept.	IQAC Cell
Description	The Seminar on Innovations in Homoeopathic Medicine: From Concept to Market provided a comprehensive exploration of advancements within the field, encapsulating the journey from conceptualization to market implementation. The event emphasized the dynamic landscape of homoeopathic medicine, showcasing pioneering research, formulations, and technologies. Distinguished speakers shared insights on novel therapeutic approaches, integration of modern scientific methodologies, and the evolving regulatory framework. Participants gained valuable perspectives on bridging the gap between traditional principles and contemporary healthcare demands. Key discussions delved into innovative homoeopathic formulations, their clinical efficacy, and the integration of technology in manufacturing processes. The seminar also addressed challenges in marketing homoeopathic medicines, including communication strategies and regulatory compliance. The collaborative platform facilitated networking among practitioners, researchers, and industry professionals, fostering an environment conducive to interdisciplinary dialogue. Overall, the seminar successfully highlighted the strides made in homoeopathic medicine, offering a glimpse into its promising future in the healthcare market.

Date: 15.06.2020

EVENT REPORT

Name of the Activity	Ethical Considerations in Homoeopathic Research Seminar: Balancing Progress and Responsibility
Type of Activity	Research Methodology Activity
Date and Time of Activity	14.06.2020 - 15.06.2020
Details of Participants	80
Resource Person	Dr.Anirudh Kulkarni
Coordinators	IQAC Coordinator
Organizing dept.	IQAC Cell
Description	The Ethical Considerations in Homoeopathic Research Seminar highlighted the delicate balance between progress and responsibility in the field. The event emphasized the need for rigorous ethical standards to guide research practices in homoeopathy. Speakers underscored the importance of obtaining informed consent from participants, ensuring confidentiality, and promoting transparency in reporting results. The ethical challenges of placebo-controlled trials and the potential for biased outcomes were discussed, emphasizing the importance of methodological integrity. Moreover, the seminar emphasized the ethical obligation to conduct research that aligns with the principles of beneficence and non-maleficence, ensuring that potential risks to participants are minimized. Researchers were encouraged to critically examine their methodologies to avoid conflicts of interest and to uphold the integrity of the scientific process. The seminar concluded by acknowledging the responsibility of the homoeopathic research community to contribute positively to public health while maintaining the highest ethical standards, fostering a collaborative environment that promotes both progress and ethical responsibility.
