Date: 08.08.2020 - 09.08.2020

EVENT REPORT

Name of the Activity	Leveraging Intellectual Property for Industry-Academia Collaboration Workshop
Type of Activity	IPR Activity
Date and Time of Activity	08.08.2020 - 09.08.2020
Details of Participants	82
Resource Person	Dr.Anirudh Kulkarni
Coordinators	IQAC Coordinator
Organizing dept.	IQAC Cell
Description	The Leveraging Intellectual Property for Industry-Academia Collaboration Workshop, held on [date], served as a pivotal platform fostering collaboration between academia and industry. The event aimed to bridge the gap between theoretical knowledge and practical application by emphasizing the strategic use of intellectual property (IP). Participants gained insights into protecting, managing, and commercializing their innovations. Distinguished speakers, comprising experts from academia and industry, shared best practices, case studies, and success stories, illustrating the symbiotic relationship between intellectual property and collaborative ventures. Interactive sessions facilitated dynamic discussions, allowing attendees to explore potential partnerships and synergies. The workshop underscored the importance of a conducive environment for knowledge transfer and highlighted successful models of IP-driven collaboration. Participants left equipped with practical tools to navigate the complexities of IP, fostering a culture of innovation and collaborative research. This event not only empowered individuals but also laid the groundwork for future collaborations that have the potential to drive advancements in both academia and industry.

Date: 15.10.2020

EVENT REPORT

Name of the Activity	Homoeopathic Clinical Trial Design Workshop: Challenges and Solutions
Type of Activity	Industry-Academia Innovative practices
Date and Time of Activity	14.10.2020 - 15.10.2020
Details of Participants	81
Resource Person	Mr.Arvind Mishra
Coordinators	IQAC Coordinator
Organizing dept.	IQAC Cell
Description	The Homoeopathic Clinical Trial Design Workshop addressed critical challenges and proposed innovative solutions in a concise and insightful manner. Participants delved into the unique complexities of homoeopathic interventions, emphasizing the need for tailored methodologies that capture the holistic nature of treatment. Discussion centered around the intricacies of placebo controls, individualized prescribing, and the challenge of outcome measurement in homoeopathy. Prominent solutions included the incorporation of patient-reported outcomes, advanced statistical models accommodating individual response variations, and the integration of qualitative research methods to capture the patient experience. The workshop underscored the importance of collaboration between homoeopathic practitioners, researchers, and conventional trial designers to develop robust frameworks that align with the principles of homoeopathy. Overall, the event provided a platform for fruitful exchange, fostering a deeper understanding of the distinctive aspects of homoeopathic clinical trials and paving the way for more rigorous and applicable research methodologies in this field.

Date: 09.12.2020

EVENT REPORT

Name of the Activity	Pharmacovigilance Workshop in Homoeopathy: Ensuring Patient Safety
Type of Activity	Industry-Academia Innovative practices
Date and Time of Activity	09.12.2020 - 10.12.2020
Details of Participants	76
Resource Person	Mrs.M.Sowjanya
Coordinators	IQAC Coordinator
Organizing dept.	IQAC Cell
Description	The Pharma co-vigilance Workshop in Homoeopathy, held recently, aimed at ensuring patient safety within the realm of homeopathic medicine. The workshop fostered a comprehensive understanding of pharma co-vigilance principles and practices among practitioners and stakeholders. Participants gained insights into the systematic monitoring, detection, assessment, and prevention of adverse effects associated with homeopathic treatments. Key topics included the importance of reporting and analyzing adverse events, understanding risk-benefit ratios, and implementing strategies to enhance patient safety. The workshop emphasized the significance of collaboration between healthcare professionals, regulatory bodies, and the pharmaceutical industry in maintaining the highest standards of safety in homeopathic practices. Through case studies and interactive sessions, attendees deepened their knowledge of adverse event reporting mechanisms and learned to navigate regulatory frameworks. Overall, the Pharma co-vigilance Workshop in Homoeopathy played a pivotal role in equipping the homeopathic community with the tools and awareness needed to uphold patient safety in the evolving landscape of healthcare.

Date: 15.02.2021 - 16.02.2021

EVENT REPORT

Name of the Activity	Homoeopathic Drug Development Workshop: From Conceptualization to Commercialization
Type of Activity	Industry-Academia Innovative practices
Date and Time of Activity	15.02.2021 - 16.02.2021
Details of Participants	91
Resource Person	Mr. Tej Patil
Coordinators	IQAC Coordinator
Organizing dept.	IQAC Cell
Description	The Homoeopathic Drug Development Workshop, focusing on the journey from conceptualization to commercialization, provided a comprehensive overview of the intricate process. Participants gained insights into the unique principles governing homoeopathic drug development. The workshop commenced with an exploration of conceptualization, emphasizing the importance of understanding the holistic approach inherent in homoeopathy. Experts delved into the rigorous research methodologies, elucidating the systematic process of proving, potentiating, and standardization. Attendees were enlightened about the regulatory aspects governing homoeopathic drug commercialization. Noteworthy discussions on quality control, clinical trials, and ethical considerations added depth to the workshop. The integration of case studies showcased successful instances of homoeopathic drug development, fostering a practical understanding of the challenges and triumphs. The collaborative atmosphere facilitated networking among professionals in the field. Overall, the workshop served as a valuable platform for bridging theoretical knowledge with practical applications, equipping participants with a holistic understanding of the homoeopathic drug development continuum.

EVENT REPORT

Name of the Activity	Intellectual Property Strategies Workshop for Homoeopathic Startups
Type of Activity	IPR Activity
Date and Time of Activity	17.03.2021 - 18.03.2021
Details of Participants	82
Resource Person	Dr.Jithender Mehra
Coordinators	IQAC Coordinator
Organizing dept.	IQAC Cell
Description	The Intellectual Property Strategies Workshop for Homoeopathic Start-ups was a pivotal event, providing a comprehensive understanding of safeguarding innovations in the homoeopathic industry. The workshop, held on [date], brought together industry experts, legal professionals, and aspiring entrepreneurs. Participants gained insights into patenting processes, trademark protection, and the nuances of intellectual property laws specific to homoeopathy. Discussions emphasized the importance of securing intellectual property to foster innovation and competitiveness. Case studies showcased successful strategies adopted by established homoeopathic companies, inspiring start-ups to navigate intellectual property challenges effectively. Workshop highlights included interactive sessions, where participants received personalized guidance on crafting intellectual property strategies tailored to their ventures. Overall, the workshop served as a catalyst for homoeopathic start-ups, empowering them to navigate the complex landscape of intellectual property and fostering a culture of innovation within the industry.

Date: 17.06.2021

EVENT REPORT

Name of the Activity	Effective Communication Workshop in Industry-Academia Collaborations
Type of Activity	Industry-Academia Innovative practices
Date and Time of Activity	16.06.2021 - 17.06.2021
Details of Participants	84
Resource Person	Dr.Manish Patil
Coordinators	IQAC Coordinator
Organizing dept.	IQAC Cell
Description	The Effective Communication Workshop held in the context of Industry-Academia Collaborations was a resounding success, fostering enhanced collaboration and understanding between industry professionals and academia. The workshop aimed to bridge the communication gap often encountered in these partnerships. Participants engaged in interactive sessions, honing skills such as clear articulation, active listening, and concise messaging. Practical exercises, including simulated collaborative projects, provided a hands-on approach to applying effective communication strategies. The workshop emphasized the importance of aligning goals, expectations, and timelines to ensure seamless integration of academic expertise with industry needs. Feedback from attendees highlighted the workshop's impact on improving cross-disciplinary communication, ultimately enhancing project outcomes. Participants expressed increased confidence in navigating the unique challenges inherent in collaborative endeavours. This workshop serves as a testament to the pivotal role effective communication plays in fostering successful Industry-Academia Collaborations, laying a foundation for future endeavours that seamlessly blend academic knowledge with industrial applications.
